- We continue to grow:
- 325+ Registrants
- 50 Foreign Nationals
- from 20 Countries

Federal Aviation Administration

EUROCONTROL

Conference Objectives

- Inform and collaboratively discuss the current work of the Information Management Panel (IMP). Some of the subjects include:
    - Global Interoperability Framework
    - SWIM
    - Information Architecture and Management
    - Exchange Formats:
        - AIXM
        - WXXM
        - FIXM
    - Operational Messaging
    - Governance & Standardization
    - Awareness & Outreach

- To reinforce the goal of establishing a global approach on information management (IM) which is essential to ensure global interoperability and standardization across all data domains and to support activities such as flight and flow - information for a collaborative environment (FF-ICE), the evolution of meteorological services towards digital information exchange and a NOTAM system review.

Federal Aviation Administration

EUROCONTROL

Importance of a Global Information-centric Approach

- Up-leveling to discuss the information itself, not just specific XM models.

Participants

- Thank you all for coming!

- Statistics:
  - Registered: 396 (as of 8/23/13)
  - International guests: 40+
    - From:
      - ➢ Australia
      - ➢ Austria
      - ➢ Belgium
      - ➢ Canada
      - ➢ Denmark
      - ➢ Ethiopia

      - ➢ Germany
      - ➢ Ireland
